**E-Mail*

*Our organisation is a non-profit organisation and has a valid certificate of exemption from the responsible tax authorities. Without proof of non-profit status, funding by the Daniel Schlegel Environmental Foundation is not possible.

Privacy Policy

Personal data will only be collected, processed and used at this point if this is necessary to process the funding request. By sending this request to the Daniel Schlegel Umweltstiftung, the applicant consents to the storage/processing/use of his/her data.

Measure/Project

**Name of Project*

***Short description of the measure/project**

Please outline your project (who/what/when/how/where) and its objectives/purpose/effect (why) in short form (max. 600 characters).

**Requested grant amount*

**Start of project (e.g. Q3/2024)*

**Current date*

Select at least one goal listed below that will be achieved by your project/measure:

Support the protection, renaturation and reforestation of forests

Promote renewable energy, such as wind power, hydropower, solar energy, etc.

Facilitate intergenerational experiences of nature

Strengthen the biodiversity of plants and animal populations in forests using practical conservation measures and afforestation

Promoting measures in environmental education

Support non-governmental organisations (NGOs) in the creation and protection of virgin forests and species-rich mixed forests

Enable the implementation of sustainability strategies in the areas of eco-farming and natural agriculture.

Measures that lead to the reduction or compensation of climate-damaging gases.

Promote cultivation of crops in a way that is compatible with nature and the environment.

Please explain exactly what the requested funding amount is to be used for. You are also welcome to attach an existing cost calculation to the funding request:
